

BOARD TENURE
AND PERFORMANCE POLICY

PERPETUAL EQUITY INVESTMENT COMPANY LIMITED BOARD TENURE AND PERFORMANCE POLICY

OBJECTIVE

This policy sets out the tenure and performance expectations for the directors of Perpetual Equity Investment Company Limited (the **Company**).

The purpose of this policy is to ensure that the board of directors of the Company (the **Board**) is at all times operating in a coordinated and effective manner so as to best promote the interests of the Company and its shareholders

ROLE OF THE NOMINATION AND CORPORATE GOVERNANCE COMMITTEE

The Nomination and Corporate Governance Committee recommends nominations for the Board and reelection of existing Board members. It regularly reviews the size and composition of the Board. This committee is also responsible for critically reviewing the skills, performance and effectiveness of the Board, its committees, and individual Board members and in doing so, supports and assists the Board to carry out its performance evaluation responsibilities under the Board Charter.

TENURE

Board-nominated appointments

Directors appointed by the Board to fill a casual vacancy on the Board must submit to election at the next annual general meeting of shareholders (AGM).

Shareholder elections every three years

Directors who have been in office for three years since their last election must retire and may seek reelection at the Company's next AGM.

Nine year principle

To revitalise the Board, directors should not seek re-election after three elected terms of three years unless the Board (through the Nomination and Corporate Governance Committee) invites them to do so. The Board may invite a director to seek re-election beyond three elected terms of three years if this would be advantageous for reasons such as Board leadership or continuity.

Removal of directors

Directors cannot be removed by Board resolution. Shareholders may resolve to remove directors in accordance with the Corporations Act 2001, at a meeting convened by shareholders or by directors.

Directors cease to hold office under the Company's Constitution if they become bankrupt, become mentally unfit to hold office, resign, become disqualified by law from being a director, or if they fail to attend Board meetings for six months without teconsent of the other directors.

Directors may resign at any time by written notice to the Company Secretary.

PERFORMANCE

Performance expectations

The Company and the Board expect directors to:

- contribute effectively to the performance of the Company, the Board and its committees;
- stay up to date with and comply with all relevant legal obligations and best practice guidelines published by relevant authorities or industry/professional bodies;
- comply with all applicable policies and constituent documents of the Company (including the Code of Conduct and Constitution);
- maintain the highest levels of personal and professional integrity and ethics;
- in the discharge of their duties, conduct themselves in line with community expectations; and
- conduct themselves in a civil manner, respectful of the contributions of all Board members, and the need forcooperation.

Performance review procedures

At least once a year the Board, with the advice and assistance of the Nomination and Corporate Governance Committee, reviews and evaluates the performance of the Board, its committees and each individual director against relevant charters, policies and goals and objectives, and considers how to improve performance.

Every three years, a formal review of the performance of the Board, its committees and individual directors, will be conducted by an independent third party.

The Board review process aims to ensure that each director continues to:

- contribute effectively to the Board's and committees' performance;
- have an appropriate skillset to contribute positively to the effective functioning of the Board and committees; and
- identify skills gaps and develop a process to obtain proficiency in those skills in a timely manner.
