Understanding value investing

11 November 2020

James Holt, Senior Investment Specialist at Perpetual joined Oran D'Arcy, National Business Development Manager at ASX to help investors understand what is meant by value and quality investing and how Perpetual defines value for investors.

Topics discussed:

- What is value investing?
- What is meant by quality stocks?
- How do you define value for investors?
- How has value investing worked over time?
- Value investing has had a tough time of late: why is this and when might it change?
