## Risks

All investments carry risk. The value of your investment may rise or fall, you may not receive income over a given timeframe, and you may not be able to sell your investment quickly. Because the Company will predominantly invest in listed Australian and global equities, its risk profile is high when compared to fixed interest or cash assets. Before making an investment decision it's important to understand the risks, we recommend that you speak with your financial adviser to assess whether an investment in the Company is right for you.
